I will be CM by next Vijayadashami: DKS

Dy.CM D.K. Shivakumar speaks to close friends while exchanging festival greetings

Bengaluru, Oct. 27 (KMS & BS)- Deputy Chief Minister D.K. Shivakumar (DKS), who aspires to occupy the Chief Minister's chair, subtly conveyed his intention to take the reins of the State by next Vijayadashami.

Shivakumar hinted at this during his exchange of Vijayadashami festival greetings with selected journalists and leaders within his inner circle, stating that he would be greeting them as the Chief Minister next year. This statement has stirred up the political landscape in the State, particularly within the Congress party.

D.K. Shivakumar

After the remarkable victory of the Congress in the 2023 Assembly elections, there was a power struggle between Siddharamaiah and D.K. Shivakumar before the formation of the Government.

However, the All India Congress Committee (AICC) in New Delhi intervened and resolved the issue.

KSRTC hikes fare

of Mysuru-Bengaluru non-stop ordinary buses

Fare increased from Rs. 185 to Rs. 200 due to huge demand

Mysuru, Oct. 27 (MTY&DM)- Coming as a shock to commuters post Dasara, the Karnataka State Road Transport Corporation (KSRTC) has hiked the fare of non-stop ordinary bus (red bus) service between Mysuru-Bengaluru and *vice-versa* by Rs. 15. The fare, which was Rs. 185 earlier, has been increased to Rs. 200. However, there is no hike in fare (Rs. 185) of express bus services that have stops in Mandya, Maddur, Channapatna, Ramanagara etc.

Speaking to *Star of Mysore* this morning, KSRTC Mysuru Divisional Controller D. Srinivas defended the fare hike saying that there has been a high demand for non-stop buses.

Clarifying that the fare hike has nothing to do with increasing operational expenses driven by rising prices of spare parts, fuel etc., he said that the hike is based purely on the high demand, with more travellers opting for non-stop buses post the implementation of 'Shakti' scheme, which allows free travel for women within the State.

Minister hints at power crisis in State

Bengaluru, Oct. 27 (KMS & DM)- With the failure of monsoon in Karnataka, Power Minister K.J. George has hinted at power crisis in the State.

Speaking to presspersons after meeting the Union Energy Minister Raj Kumar Singh in New Delhi yesterday, George said that the Centre has agreed to provide 2 lakh tons of additional coal per month to Karnataka in order to meet the demands.

Noting that the demand for power has increased enormously this year as compared to previous years, George maintained that necessary measures have been taken to meet this high power demand.

Pointing out that tenders have been invited for solar power production under PM-KUSUM-B (Pradhan Mantri-Kisan Urja Suraksha evam Utthan Mahabhiyaan) and PM-KUSUM-C scheme, he said the tender process will be completed in a week.

EDITOR'S BOTTOMLINE

HOW TO HANDLE ANGER: *Anger is a universal emotion. People and events around us, that are not going right for us, evoke within us, feelings of anger. To some extent this is understandable. However, when our basic personality is that of an angry person or if we are moving to that kind of a disposition all the time, it needs to be addressed.*

It is believed that there are 14 different types of anger in human beings. They are assertive anger, behavioural anger, chronic anger, destructive anger, judgemental anger, overwhelmed anger, passive aggressive anger, retaliatory anger, self-abusive anger, silent anger, verbal anger, volatile anger, deliberate anger and addictive anger. Each of these types is quite self-explanatory.

Every one of us can experience one or more forms of anger all the time. Whatever be the kind of anger we are facing at a particular moment we need to get a hold of it and handle it effectively. If we do not tackle it well, it can simmer and fester within us over time. It will eventually debilitate our well-being, ruin our peace of mind, annihilate our relationships and destroy our communion with God.

More often than not we justify our anger and seek retribution, not realising that the people and events that have caused our anger cannot be changed. Ultimately, the anger we are feeding and nurturing grows and grows, morphing us into hostile individuals. Nevertheless, when we learn and practice the art of handling our anger cool-headedly, we will be well-disposed individuals.

A three-step approach is advocated in the art of anger management. Firstly, we need to acknowledge our anger. We should candidly admit that we are increasingly becoming angry persons. Secondly, we need to address the anger. Are we justified in getting angry? Most times we too may be part of the situation that is causing our anger. If this is true, we ought to revert from that behaviour. Finally, we need to forgive the people and cope with the impulses that are causing our anger.

The above steps are summarised by St. Paul as he wrote: "Get rid of all bitterness, rage, anger, harsh words and slander, as well as all types of evil behaviour. Instead, be kind to each other, tender-hearted, forgiving one another, just as God through Christ has forgiven you" (Ephesians 4:31-32)

Fake nail art of Vivian Xue Rahey

New York: Self-taught nail artist Vivian Xue Rahey uses tiny brushes to create ultra-realistic portraits of pop-icons and celebrities on acrylic nails.

Looking at some of Vivian Xue Rahey's tiny masterpieces, you'd think she has been practicing acrylic nail painting for most of her life, but you would be mistaken. She only started doing nail art to decompress while working to launch her own tech company. The trained software engineer had just launched a software startup, when she took the hobby of nail painting as a way to relax but ended up going so deep down the rabbit hole that she decided to abandon her career in the tech world and become a professional fake nail artist instead. And the rest is history!

Woman marries adopted son, sparks controversy

Tatarstan: A 53-year-old Russian woman sparked outrage in her home republic of Tatarstan by tying the knot with a 22-year-old man whom she had raised for the last eight years.

Aisylu Chizhevskaya-Mingalim, a well-known musician in Tatarstan and the niece of famous singer Renata Ibragimov, found herself at the center of a scandal after reportedly marrying her adopted son. Eight years ago, while teaching music in orphanages, Aisylu met Daniil, a 13-year-old boy and after a few lessons, the two became a duet. The boy also participated in various reality talent shows and sang with popular Russian singer Filip Kirkorov. When he was 14, Daniil became the singer's foster child, and they have lived together ever since. However, on October 20, the two shocked the world when they legally became married.

Govt. mulling to provide window to return wildlife artefacts: Minister

Bengaluru, Oct. 27- The Government is deliberating on providing a window to the public as a one-time measure to declare and return wildlife artefacts in their possession, said Forest, Ecology and Environment Minister Eshwar Khandre.

The Minister was briefing media persons at Vikasa Soudha yesterday afternoon after the recent arrest of Varthur Santhosh, a Bigg Boss Kannada contestant, for allegedly wearing a chain with a tiger claw pendant and searches at the houses of several people, including actor Darshan and actor and BJP MP Jaggesh.

Khandre said that the public was unaware of the Karnataka Forest Act, the Wildlife Protection Act and other such laws and the Forest Department would initiate programmes to create awareness. "Due to lack of awareness, such violations are generally seen. Some people in rural areas keep deer skins, ivory artefacts, deer and stag horns in their houses. They don't even know that it's a crime," Khandre said, adding that the law was same for all and action would be taken against the violators.

Pointing out that the Government had given many opportunities till 2003 for those having wildlife artefacts, trophies, pendants and other wildlife products, which were passed on to them from their ancestors, to declare them and get ownership certificates from the Forest Department, Minister Khandre said that many have still not declared wildlife artefacts and obtained the ownership certificate.

Khandre said that at present there were 4,000 vacant posts in the Forest Department. "The Finance Department has approved the filling up of 800 posts, which will begin soon," he added.

Appealing to the jewellers, the Forest Minister said that they should refrain from entertaining requests to make jewellery out of wildlife artefacts. They should also display a sign outside their shops that "it was a punishable offence", Khandre added.

Man arrested for keeping elephant's molar tooth

Mysuru, Oct. 27 (MTY&KS)- A team of Mysuru Forest Department officials have arrested a man who had kept a molar tooth of an elephant in his house and have seized the tooth.

The arrested is 70-year-old Abhiram Sundaran, a resident of Udayagiri in city.

The molar tooth weighs 2 kg and is 17 cms long and 9 cms wide.

Elephant's molar tooth

Abhiram is said to have told the Forest officials that he had got the tooth from a man in H.D. Kote many years back as it is believed that keeping the molar tooth of an elephant in the house would bring good fortune besides stating that it was used to treat certain skin diseases.

The Forest officials, who have seized the molar tooth, arrested Abhiram and have registered a case against him under Wildlife Protection Act-1972.

DCF Dr. K.N. Basavaraju guided ACF N. Lakshmikanth, RFO K. Surendra, Dhanyashree, DRFO Mohan, Chandrashekar, Mohan and staff in the raid, nabbing and seizing operation.

It is learnt that the person behind the wheels of the Maruti Baleno car lost control of the vehicle which rammed into the road divider causing minor injuries to the car occupants. This also resulting in traffic jam for about 20 minutes with vehicles lined up on the Hill Road as hundreds of devotees had come to witness the Rathotsava.

Police, who arrived at the spot, moved the damaged car to the side and made way for smooth flow of traffic. The injured were shifted to a hospital in another vehicle.

Priests held for possessing tiger claw pendants

Chikkamagalur, Oct. 27- Forest Department officials have arrested two priests for allegedly possessing tiger claw pendants and have seized three pendants from them.

Power shutdown in rural areas: Will the CM intervene?

Sir,

In order to enhance Dasara tourism, the city of Mysuru is illuminated while the farmers in rural areas are having power shutdown from 8 am to 6 pm.

Wonder, if our Chief Minister Siddharamaiah is aware of it?

The farmer, who provides you food, is getting just three phase power to irrigate his crop from 9 pm to 2 am.

Obviously, the inconvenience caused matters little to the people concerned.

Do they (authorities concerned) think he (farmer) is immune to snake bites and being attacked by leopards and wild boars?

On behalf of hundreds of farmers, I request our Chief Minister Siddharamaiah, who hails from Siddaramanahundi in Varuna Constituency of Mysuru district, to intervene and provide uninterrupted power supply to rural areas also.

Forest men seize 'tiger claw pendant' from Minister Lakshmi Hebbalkar's house

Belagavi, Oct. 27 (BS)- Forest Officers led by Deputy Conservator of Forest (DCF) Shankar Kallolkar have seized a pendant suspected to have been made of tiger claw from the house of Women and Child Development Minister Lakshmi Hebbalkar today.

The Forest personnel seized the claw after it was handed over to them by Minister's son Mrinal Hebbalkar, at his residence in Kuvempunagar here. They will be sending it to Forensic Science Laboratory (FSL) to verify its genuineness.

Minister Hebbalkar, who was also present at the time of Forest Officers visit, told media persons later, "The pendant was gifted during the wedding ceremony. But it is for the Forest Department to decide whether it is original or fake."

Following the recent arrest of *Bigg Boss* Kannada Season-10 contestant Varthur Santosh for sporting a tiger claw pendant, Forest Department has intensified the drive to seize such valuables made of wildlife properties.

A photo where Mrinal Hebbalkar is seen wearing the pendant suspected to have been made of tiger claw was widely circulated on social media yesterday. Following this, the Forest Officers had served a notice on Mrinal Hebbalkar.

I will be CM by next Vijayadashami: DKS

(Continued from page 1)

A consensus was reached between the two leaders, with Siddharamaiah serving as CM for the first two years and Shivakumar for the subsequent three years.

Nevertheless, based on Shivakumar's recent message, by the next Vijayadashami, Chief Minister Siddharamaiah will have completed only 16 months in office, with several more months left for him to complete his term as per the AICC's directive.

The question arises as to why Shivakumar hinted at becoming CM sooner, creating considerable speculation and discussions, particularly following the public dispute among top party leaders and Ministers in the Belagavi district.

Meanwhile, Minister for Large Scale and Medium Industries M.B. Patil has said, "It is his (DKS) personal opinion, as the Party High Command will take a call on who should be the CM and also Ministers."

Congress MLA from Mandya Ravi Ganiga has said that "D.K. Shivakumar will be the CM after two years."

KSRTC hikes fare

(Continued from page 1)

Asserting that the fare hike is also due to increase in recent toll hike on Mysuru-Bengaluru Expressway, Srinivas said that Mysuru KSRTC Division is operating 30 buses with 65 trips between Mysuru - Bengaluru daily, apart from those operated by Bengaluru and other divisions.

Maintaining that this is only a specific case of fare hike and not a general one, he said that the hike of Rs.15 is minimal when taken into consideration the steadily increasing operational costs. However, there is no fare hike in respect of Rajahamsa, Airavata, EV Power Plus and other AC and non-AC luxury buses operating between the two cities, he added.

Minister hints at power crisis

(Continued from page 1)

The farmers will be supplied solar power from these units, he said adding that the State is expecting 150 MW of power from NTPC in December.

Stating that power is being purchased from the Central grid, the Minister said that Karnataka plans to purchase 200 MW power from Himachal Pradesh.

Maintaining that power and coal are being procured as per norms, George ruled out any irregularities in this.

Contending that power is being supplied for 7 hours in areas where sugarcane and paddy is grown in the State, he clarified that despite the looming power crisis, the State has not yet enforced load-shedding.

Mahouts, Kavadis and Kids visit GRS Fantasy Park

GRS Dazzling Dasara celebrations to conclude on Oct. 31

Mysuru, Oct. 27- The children and family of Mahouts and Kavadis of 14 Dasara jumbos recently visited GRS Fantasy Park in city on an all-expenses-paid trip for a fun-filled holiday before returning to their forest camps.

The amusement park opened its gates to Mahouts and their families from D.B. Kuppe elephant camp, Thithimathi elephant camp, Dubare elephant camp and Ramapura elephant camp.

The caretakers of these iconic elephants have always been integral to the city's cultural fabric. Their skills, passed down through generations, have ensured the well-being and conservation of these majestic animals. Mysuru's Dasara procession, featuring beautifully adorned elephants, has been a testament to the harmonious relationship between these magnificent animals and their Mahouts.

"We believed in giving back to the community that had supported us with so much love," said K.T. Srinivasan and team, GRS's General Manager.

"The Mahouts, Kavadis and their families have always been integral to Mysuru's rich culture and history. We wanted to express our gratitude and make this Dasara memorable for these wonderful children. The smiles on their faces are worth every effort," he added.

The children also participated in various celebrations as part of the GRS Dazzling Dasara celebrations. Different arrangements, such as food festivals, acrobatics shows, dance shows and DJ, had been organised for them this year at GRS. They also enjoyed the recently added new attractions, such as India's fastest slides, the GRS Rocket Slides and a massive GRS Blizzard slide.

This is not the first time that the Park has extended a helping hand to those in need. Over the last 24 years, GRS has undertaken various initiatives to support different local causes.

The GRS Dazzling Dasara celebrations will continue until Oct. 31. GRS is also extending an offer of 70 percent off on Snow Park tickets for visitors who book their water park tickets online. For further information, contact Mob: 95900-80808.

WORD OF THE DAY

Demarcate

Pronunciation: dih-MAHR-kayt.
Meaning: To demarcate something is to fix or define its limits or edges.
Origin: It's reasonable to assume that demarcate inspired the noun demarcation—many a noun has been formed by adding the suffix -ion to an existing verb. But in this case you'd also be wrong; demarcation came first, with the verb demarcate following as a back-formation. We can ultimately thank Spanish for both: the Spanish noun demarcación (from demarcar, "to delimit") was used in 1493 to name a meridian dividing New World territory between Spain and Portugal. (A Spanish-born pope chose a meridian that favored Spain greatly.) Centuries later, English speakers began calling this boundary the "line of demarcation," and eventually applied that phrase to other dividing lines as well. By the early 19th century, demarcation had been verbified to create demarcate.
Example: "In the 15th century, farmers on North Atlantic isle began to mold the severe ecosystem of its coastal plains, building thousands of small, soil-free vineyards and demarcating their boundaries with the black stones of its fiery past." — Shoshi Parks, Smithsonian Magazine, 9th Aug. 2023.

THE ODD WORD

Dealbation

Whitening; bleaching.

PHRASE OF THE DAY

Desperate times call for desperate measures

Meaning: When you say 'Desperate times call for desperate measures' you mean that actions that might seem extreme under normal circumstances are appropriate during adversity.
Origin: The expression 'Desperate times call for desperate measures' is believed to have originated with a saying coined by the ancient Greek physician, Hippocrates. In his work Amorphisms, he wrote: "For extreme diseases, extreme methods of cure, as to restriction, are most suitable."
Example: "I really don't want to break up with Tim, but desperate times call for desperate measures."
